

# ***EZ Mod Walls***

## **Modular Office Wall & Partition Solutions**

**FAST • ECONOMICAL • CUSTOMIZABLE**

**Easily partition  
open spaces into  
meeting rooms,  
private offices or  
cubicles.**

### **AVAILABLE OPTIONS:**

- Slider & fixed windows
- Full window panels
- Over height walls
- Double doors
- Any color to match your fleet

### **BENEFITS**

- All materials reusable
- Easy to modify or expand
- Cost competitive to stick walls
- 70% faster set-up
- Minimal mess set-up
- Minimal building damage after lease
- Accelerated depreciation

### **DESIGN**

- Modern, high-tech appearance
- Durable designer vinyl finish over Luan, plywood, MDF, or gypsum
- Sound absorbing foam-core 2" thick panels
- Maintenance-free anodized aluminum framing
- Data & electrical raceways
- Order in 12' kits or by floor plans
- Quick by-the-foot price quoting

- Installation is quick and easy with all anodized aluminum track framing and pre-fabricated panels.
- Doors can be installed and easily be adjusted to work perfectly. The swing can be adjusted to a right or left hand swing and in or out.
- Electrical raceways can be added if needed for light switches, receptacles and data.
- Top of partitions are supported with one piece top tracks to keep ends sturdy. In the event a partition is long or solo, a short 1-foot end cap wall or an aluminum column will keep it solid.
- Aluminum column can double as a raceway
